Jordan Ellery

Mobile Developer

jordan.ellery@example.com · (225) 555-0141 · Baton Rouge, LA

Summary

Mobile developer with four years shipping cross-platform apps in Flutter and Dart.

Skills

Flutter, Dart, Riverpod, Bloc, Firebase, Cloud Firestore, REST APIs, Git, Figma, Codemagic

Experience

Mobile Developer, Levee Labs — Mar 2022 – Present

- Built a field-inspection app in Flutter and Dart used by 1,200 inspectors.
- Migrated state management from Provider to Riverpod, cutting rebuild bugs by half.
- Integrated Firebase Auth and Cloud Firestore with an offline-first sync queue.
- Set up Codemagic CI to publish builds to TestFlight and Google Play.

Junior Flutter Developer, Spanish Moss Studio — Jun 2020 – Feb 2022

- Implemented screens from Figma designs using the Bloc pattern.
- Consumed REST APIs for a restaurant ordering app.
- Did code review on pull requests in Git and wrote widget and unit tests.

Education

B.S. Computer Science, Louisiana State University
